Aloha, Dean.

Thank you for your call this morning.

Per our conversation, I understand the State still has to sign, and that the documents will need to be put together and prepped to go on line, and a press release drafted. We want to be timely but also want to be proper and correct. Standing by to hear back from you.

Mahalo,
Agnes

Don't think there was anything, besides the attempt to get it all wrapped up prior to end of fiscal year.

I will forward your email to our Red Hill Team in San Fran, to see if there is anything.

Dean,
CAPT Mark Manfredi, Navy Region Hawaii Chief of Staff here. Left a phone message with you yesterday but wanted ensure you knew where we are at with signing the AOC. Navy has signed and it is with DLA. DLA still has some questions / concerns. They will be having an internal discussion tomorrow and will hopefully resolve. Just want to ensure you were aware as I don't know if the AOC will make it through DOD channels in time for EPA and DOH to sign on the 29th. Other than a desire to have the doc signed sooner rather than later, are there other issues which would surface if it's not completely signed by the 30th? Thanks Mark
